Dear Hiring Manager,

I am interested in joining the Gobeze Consult PLC as a full stack developer. I have over 2 years of experience as a web developer, implementing and testing of various software systems. I am fluent in JavaScript, Python, SQL, and MongoDB and very familiar with React, Node JS and Django frameworks.

I completed a software internship program at Addis Media Network in Addis Ababa in 2021 for about 4 months and have enjoyed working with senior developers. I built a project “NewsBoard”, a desktop application using Python that can be used to announce news and events.

I would like to further explain my motivation for the position during a personal meeting. You can reach me either by phone at **(+251)905915180** or by email at [adisiefenta64@gmail.com](mailto:adisiefenta64@gmail.com)

Thank you for your consideration. I look forward to hearing from you.

Sincerely

Adisie Fenta
